We know bond issues...

We would like to introduce your school district to the *arch environmental group*. We are a full service environmental consulting, monitoring and sampling corporation, specializing in school district work. arch environmental group is currently working on or has successfully completed environmental project management activities for 20 Michigan School District bond programs. arch environmental group has provided various environmental services in over 60 Michigan school districts and we provide these services state-wide. The arch environmental group has worked with most large architectural firms and construction management firms within Michigan and is prepared to assist you in your environmental needs for your current bond issue project.

Enclosed, please find brochures that list just some of the services offered by the *arch environmental group*. At your request, we would be pleased to send you a full corporate portfolio, insurance information and most importantly, credentials and school district references.

In addition to school districts, we are proud to say that the arch environmental group has an exclusive contract with the State of Michigan to provide environmental consulting/testing services to the various agencies that regulate environmental policy: the Department of Natural Resources, the Department of Environmental Quality and the Department of Labor and Economic Growth.

Please visit our web site at www.archenvgroup.com and see how we can help you.
