

HAZARDOUS WASTE SERVICES

Bridging your environmental needs.

Licensed Hazardous Waste Transportation

arch environmental group is the only competitively priced hazardous waste transporter working in the low-volume, specialty services, sector. We are fully insured and we areas licensed by the USEPA, USDOT and the MDEQ:

USEPA # MIK 885 466 441
USDOT # 1314427
MPSC # 31389

Hazardous & Universal Waste Disposal

Our services include waste sampling, analysis, characterization, profiling, packaging, manifesting, labeling, transportation and disposal or recycling for all of your facilities' bulk or containerized wastes. (including flammables, toxics, corrosives, gases, reactives, oils, solvents, batteries and others.)

E-Waste & Lamps

Monitors, hard drives, TV's, lamps, PCB ballasts and other electronic wastes containing various hazardous materials are routinely recycled by arch environmental group professionals.

Lab Packs & Mercury Clean-up Projects

Whether you have a mercury spill or just require disposal of your mercury-containing products (including elemental mercury) arch environmental group is prepared. We are one of the most experienced contractors in the State in meeting the MDCH clean-up protocols.

Medical Waste Disposal

You may be tired of the traditional milk-run services by your national firm and arch environmental group is a perfect alternative for your biological waste need.

Spill Response

arch environmental group is available 24/7 for your emergency response spill. Emergency response contracts with arch environmental group are also negotiated at your request.
